#### **IRRIGATION SYSTEM INFORMATION\***

# of controllers on property: \_\_\_\_\_ total # of zones/stations: \_\_\_\_\_

New equipment was installed by: ( ) Owner ( ) Licensed Irrigator ( ) Other\*\* \_\_\_\_\_

*\*Rebate is for **existing** irrigation systems only.*

*\*\*Per state law, only the property owner or a state licensed irrigator may make repairs on irrigation systems.*

New Equipment	Quantity	Cost	Maximum Rebate Amount	Rebate
Pressure reducer valve			\$100	
Rain, Freeze, and/or Soil Moisture Sensors			\$75 each	

Retrofits	No. Zones Converted	Maximum Rebate Amount per Zone	Rebate
Conversion of entire zone to multi-stream or rotary nozzles		\$50	
Conversion of a spray zone to drip		\$75	
Capping an entire zone		\$50	

**Total Rebate:** \_\_\_\_\_  
*Not to exceed \$400*

#### **AGREEMENT**

- In order to qualify for the efficient irrigation rebate, you must contact the Water Conservation staff to schedule a free irrigation evaluation for the property **after** completing the work. See below for contact information.
- Dated and itemized sales receipt *must be* submitted with the program application within 60-days of purchase date to qualify.
- Rebate is one-time per year and is available on a first-come, first-served basis until funds have been expended or September 30, 2013, whichever comes first.

## EFFICIENT IRRIGATION REBATE PROGRAM GUIDELINES

### Qualification:

- Program applicant must be a direct water customer of the City of Round Rock in good standing.
- Rebate is for **existing** systems only; not expansions or brand-new installations.

### Application Procedure:

- No pre-inspection or pre-approval is necessary. Simply implement the desired upgrades.
- Once retrofits are completed, submit application and itemized receipts. (*Address below*)
- You will be contacted to schedule a final inspection.
- A rebate check will be mailed to you 2 - 4 weeks after the final inspection is completed.

### Terms:

- Rebate for sensors and pressure reducer is limited to the cost of the *device(s) only* (not labor costs or tax) up to the maximum amounts specified **when purchased from an irrigator or retailer with a Round Rock address**. Devices purchased from a retailer outside of Round Rock qualify for 50% of the maximum rebate amount.
- Rebates for the retrofits are awarded on a zone or station basis. **ALL** of the heads within the zone must be converted in order to receive the rebate amount for that zone. If the costs of the retrofit are less than the maximum rebate amount, you will be rebated the amount of the product. (i.e. new nozzles for a zone cost \$25, you will be rebated \$25, not the full \$50 amount.)
- A **dated and itemized sales receipt** *must be* submitted with the program application within 60-days of purchase date to qualify.
- Maximum rebate amount is \$400 for residential; \$600 for multifamily and commercial properties.
- The City does not endorse specific brands or irrigators, nor is responsible for the performance or repair of the new equipment.
- A *working rain shut-off device must be installed* at the property in order to qualify for any rebate. A new device would be eligible for the rebate.
- Rebate is one-time only and is available on a first-come, first-served basis until funds have been expended or September 30, 2013, whichever comes first.

### Explanation of Eligible Retrofits:

1. Conversion of spray or rotor zone to multi-stream nozzles—conversion of existing turf zone from traditional spray heads to multi-stream, rotating heads (i.e. Toro Precision Nozzles, Rainbird RN nozzles, Hunter MP Rotators).
2. Converting a spray zone to drip—conversion of a shrub bed or parkway strip (area between sidewalk & street) that is currently irrigated by pop-up irrigation. Drip system must have appropriate pressure regulation, a filter, & pressure release valve.
3. Capping a zone—the removal and capping of an existing zone. This may be because the area has been converted to hardscape, or plants are mature and do not require regular irrigation.

**QUESTIONS or to SCHEDULE INSPECTION:** Call 671-2872 or email [jwoods@roundrocktexas.gov](mailto:jwoods@roundrocktexas.gov)

**SUBMIT COMPLETED APPLICATION & RECEIPTS TO:** fax # 218-5563, email [jwoods@roundrocktexas.gov](mailto:jwoods@roundrocktexas.gov) or mail Water Conservation, 2008 Enterprise Dr., Round Rock, TX 78664
